Awesome service I received from Des Mosinki @ Outsurance. For some reason I couldn't update my banking details online for my R400 claim. Somehow Des was able to pick up the system error and he called me back. At first I was reluctant to answer but I did. What a friendly and professional fella! He gave me his e-mail address so that I can send my policy schedule. Within minutes he called me back again to confirm that Outsurance would be paying me the R400, and yes I received the money.
